CHECK IN AND MEASURING

All competitors must check in prior to competing in their first class of the event. There will be express check-in for those who have included copies of the permanent USDAA cards with the entry form.

If you have not included a copy with your entry, you must present your permanent card, temporary card, or USDAA-issued letter/print out of dog info page from subscriber account at check-in. All competitors without any of the above must have their dogs measured unless the dog jumps 26" (22" in Perf)!! If a dog is measured up, it must be moved first in the higher height in all classes. However, if it is unprepared to jump the higher height, the competitor may run For Exhibition Only but no awards or qualifying scores may be earned but no change in program is allowed.

There will be no Friday night early check in. Check-in shall be between 7:00 am and 7:45 am. All times are tentative and subject to change. Consult your entry confirmation for schedule changes.

PRIZES AND AWARDS

Rosettes will be awarded to all dogs placing 1st through 4th in each jump height at each level for Standard and Non Standard classes and to mini and open division for pairs. Maroon qualifying ribbons will be awarded for all qualifying scores. All prizes and awards must be claimed prior to the end of the trial. None will be mailed.

LEVELS, DIVISIONS AND CLASSES

Two certification programs will be offered at this event - Championship and Performance. Competitors may enter both Championship and Performance Program classes for which they are eligible; however, under NO circumstance may a dog be entered in the same Championship and Performance class at this agility test regardless of level (i.e., P1 Snooker on Saturday may not enter Masters Snooker on Sunday).

CHAMPIONSHIP PROGRAM CLASSES

The Starters Standard classes shall be for dogs that have not earned the Agility Dog® title or a Starters Standard title. **Starters Non-standard classes** shall be for dogs that have not earned a title in the class being entered (Starters Gamblers, Starters Jumpers, Starters Relay-3 different partners required-or Starters Snooker) or a qualifying score in the equivalent nonstandard class at the Advanced or Masters level. When offered separately as Starters and Novice classes, the Starters level classes are for dogs handled by a person who has not previously earned the Agility Dog® title or a title in the Performance or Veterans Program with any dog. Three qualifying scores in the standard class from two different judges along with one qualifying score in each of the nonstandard classes is required to earn the Agility Dog® title. **The Advanced Standard classes** shall be for dogs that have earned the Agility Dog® title or a Starters Standard title. **Advanced non-standard classes** shall be for dogs that have earned the Agility Dog® title or that have earned a title in the equivalent nonstandard class at the Starters level, but have not earned the equivalent Advanced non-standard title or a qualifying score in the equivalent non-standard class at the Masters level. Three qualifying scores in the standard class from two different judges along with one qualifying score in each of the nonstandard classes is required to earn the Advanced Agility Dog® title. **The Masters Standard classes** shall be for dogs that have earned the Advanced Agility Dog® title or the Advanced Standard title. **Masters non-standard classes** shall be for dogs that have earned the Advanced Agility Dog® title, the equivalent non-standard title at the Advanced level, or that had previously qualified for entry into the equivalent Masters non-standard class prior to January 1, 2004.

PERFORMANCE PROGRAM CLASSES

Generally, Performance Level I, Level II and Level III are run on courses used for Starters, Advanced and Masters classes in the Championship Program, with the following exceptions: the A-frame is set at 5'6", jump heights are one height class lower as set forth in Notes to Competitors, no spread hurdles are utilized and time standards in the standard, jumpers classes are extended by 3 seconds beyond that utilized in the Championship Program. Eligibility is determined as follows:

The Performance I Standard classes shall be for any dog that has not earned the Performance Dog ISM title, the Performance Standard I title, or a qualifying score in the Performance II or Performance III standard classes. **Performance I non-standard classes** shall be for any dog that has not earned a title in the class being entered (Performance I, Gamblers, Performance I Jumpers, or Performance I Snooker) or a qualifying score in the equivalent non-standard class at the Performance II or Performance III level. Three qualifying scores in the standard class from two different judges along with one qualifying score in each of the non-standard classes is required to earn the Performance Dog ISM title. **The Performance II Standard classes** shall be for any dog that has earned the Performance Dog ISM title, the Performance Standard I title, the Agility Dog® title or the Veteran Agility Dog ISM title, but has not earned the Performance Dog IISM title or Performance Standard II title, or a qualifying score in the Performance III standard class. **Performance II non-standard classes**

shall be for dogs having earned the Performance Dog ISM title, the Agility Dog® title or a title in the equivalent Starters or Performance I non-standard class, but not having earned a title in the equivalent non-standard Performance II class or a qualifying score in the equivalent non-standard Performance III class. Three qualifying scores in the standard class from two different judges along with one qualifying score in each of the nonstandard classes is required to earn the Performance Dog IISM title. **The Performance III Standard classes** shall be for any dog that has earned the Performance Dog IISM title, the Performance Standard II title, the Advanced Agility DogSM title, or the Veteran Advanced Agility DogSM title. **Performance III non-standard classes** shall be for dogs having earned the Performance Dog IISM title, the Advanced Agility Dog® title, the equivalent nonstandard title at the Advanced or Performance II level, or that had previously qualified for entry into the equivalent Performance non-standard class prior to January 1, 2004.

NON STANDARD CLASSES: These classes are scored pursuant to the provisions of chapters 6 & 7 of USDAA Rules and Regulations.

Gamblers Class: The competition consists of a course with no pre-determined route and each obstacle is assigned a point value. In the 'opening' period the handler seeks to accumulate points by performing the obstacles of his/her choice in the time allotted. At the conclusion of the 'opening' the handler attempts the 'gamble', a sequence designated by the judge to be handled from a distance, for additional points.

Jumpers Class: This class consists of a course of jumps and may include a tire and tunnels.

Snooker Class: This class has an 'opening' sequence of point collection similar to the Gamblers followed by a closing sequence of a set pattern. Roughly parallels the billiards game of 'Snooker', requiring the dog to successfully complete a 'red' jump prior to attempting an obstacle designated as any other color.

Pairs Relay: This class consists of a standard course with one dog and handler running a portion of the course, followed by a baton exchange to a second handler and dog who run the second portion of the course. For both Championship and Performance, partners must be in the same level and height division, mini (CH12/16, Perf 8/12) or open (Ch122/24, Perf 16/22). In the event only one dog is entered in a program/level, un-entered dogs or dogs from another program/level may NOT be recruited for a qualifying pair. Pairs relay is required as of 1/1/09 for all levels of Performance.

The following are jump heights for Championship
(Performance Heights are in Parenthesis)

2009 Dog Agility Steeplechase® – Local Qualifier

The Steeplechase is a two-round tournament with emphasis on speed. Each round will be conducted on a jumpers-style course that shall include at least two spread hurdles, a long jump and an A-frame and weave poles. Either the A-frame or the weave poles shall be required to be performed twice. Top competitors as set forth below (see qualifications and advancement) shall advance to Round 2 to compete for prize money and Tournament Top Ten points. Qualifiers as defined herein earn the right to enter either the quarterfinals or semifinals at the Dog Agility Steeplechase® championships to be held in autumn of 2009. This tournament is open to all competitors not entered in Performance Speed

JumpingSM qualifier at this event regardless of titles earned. The tournament shall be conducted pursuant to USDAA Championship Program Starters level rules, except that scoring in each round shall be on a time plus faults basis, with a five-point penalty added to a competitor's performance time for each occurrence of a fallen hurdle or missed contact; running the wrong course shall be scored as an elimination as defined under Masters rules.

Qualifications & Advancements (dogs scoring an elimination will be included in the count of dogs with a score).

Local Qualifiers:

Qualification shall be determined based on Round 1 scores of the top three dogs in each jump height provided there are at least 5 scores in the 12" or 16" height classes or 7 scores in the 22" and 26" height classes. The top three scores shall be averaged and multiplied by a factor of 1.25 to determine the maximum qualifying score for each jump height. Only competitors with scores equal to or less than the maximum qualifying score qualify. Further, in the event that fewer than five competitors in any height class receive a score, the top three scores must be determined from the combined height division for small dogs (12" and 16") or large dogs (22" and 26") to determine the maximum qualifying score for all dogs competing in that division in the manner described above. However, if there are fewer than five scores in a division, the top score from the division shall be used to calculate the maximum qualifying score. In this case, the top score shall be multiplied by a factor of 1.25 to determine the maximum qualifying score. Qualifiers and placements winners (minimum of four, there is no maximum) in the height class are eligible to advance to Round 2 at a local qualifying event in order to compete for Top Ten points and prize money, provided they have finished the round with a score. Non-qualifying competitors running in Round 2 shall not be credited with a qualifying score regardless of their final standing and at the Regional level are not eligible to earn a bye based upon their score in Round 2. A finalist slot vacated by a competitor who ahs earned the right to compete in the final round shall be forfeited and no substitutions are allowed.

Awards:

Local Qualifiers: Prize money shall be computed based on 20% to 40% (at club's discretion) of the total entry fees to be allocated in accordance with the payout table below regardless of the size of entry in any height class.

Top competitors as set forth below (see qualifications and advancement) shall advance to Round 2 to compete for prizes or awards. This tournament is open to all competitors not entered in the

Steeplechase qualifier at the same event regardless of titles earned. The tournament shall be conducted pursuant to USDAA Championship Program Starters level rules, except that scoring in each round shall be on a time plus faults basis, with a five-point penalty added to a competitor's performance time for each occurrence of a fallen hurdle or missed contact; running the wrong course shall be scored as an elimination as defined under Masters rules.
